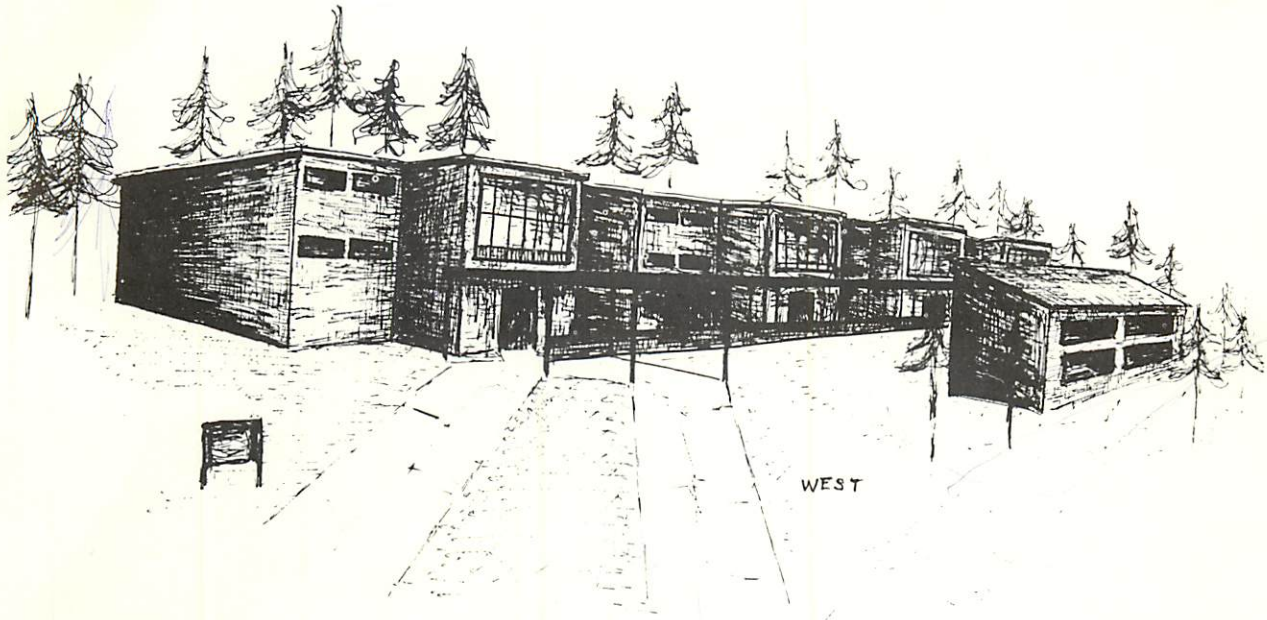
RAMSTEIN

AMERICAN SCHOOL

Christy Johnson 57-58

Eighth grade
Annual



On behalf of the faculty of Ramstein Junior High School I wish to offer our sincerest hopes of a successful future to those of you who are leaving our school - either to return "home" or to continue your education at another school.

In particular, we would like to thank those of you who have worked hard during the past school year to help us in having the type of junior high school that offers the best possible educational program to all students.

We hope that you have taken advantage of the wonderful opportunity that has been yours during your stay in Europe. Few American students will be able to study in a foreign country. Your travels and experiences will have enriched both your studies and yourself. We hope that this advantage will prove fruitful in coming years.

Once again, the best of luck to our ninth grade students as they continue their education in other schools and also those students returning "home".

Richard A. Pemble
